

REMARKS

By this Amendment, Applicants present new claims 99-108. Support for these new claims can be found, for example, at least in Figs. 1A-1E and 7 and the corresponding written description of those figures, and in the specification at page 30, lines 24-29.

Claims 99-108 are either substantially similar to or identical to claims 37-39, 58, 60, and 63-66 of U.S. Patent Application Publication No. 2003/0181843 A1, assigned to Scout Medical Technologies, LLC, which published September 25, 2003 ("the '843 publication"). In particular, claims 99-103 and 106-108 are identical to claims 37-39, 58, 60, and 64-66 of the '843 publication, and claims 104 and 105 are substantially the same as claim 63 of the '843 publication.

As a Response to Restriction Requirement was filed in this application on June 28, 2004, please withdraw new claims 99-108 from consideration.

If there is any fee due in connection with the filing of this Supplemental Amendment that is not otherwise accounted for, please charge the fee to our Deposit Account No. 06-0916.

Respectfully submitted,

FINNEGAN, HENDERSON, FARABOW,
